27th Annual Week of CARE Dinners

The 27th Annual Week of CARE Dinners, held from February 3rd to February 10th, proved to be an overwhelming success for The CARE Clinic, thanks to the unwavering support of the community. This cherished tradition of The CARE Clinic's fundraising efforts used three renowned local restaurants: Luigi's Italian Chophouse, Dorothy's Catering, and Coffee Scene. Throughout the week-long event, these esteemed establishments generously provided a total of 120 meals to patrons while helping to support a noble cause.

The collective effort resulted in an astounding **\$55,000** raised during the Week of CARE Dinners. This substantial contribution serves as a lifeline for The CARE Clinic, enabling it to continue its vital mission of providing healthcare services to low-income, uninsured individuals in the community.

The outpouring of support and generosity exhibited during the 27th Annual Week of CARE Dinners shows the importance of community involvement in addressing the healthcare needs of vulnerable populations. The continued patronage of individuals like you provide the essential financial support necessary for The CARE Clinic to sustain its operations and expand its reach.

On behalf of The CARE Clinic and the individuals it serves, we extend our heartfelt gratitude to all who contributed to the success of this year's Week of CARE Dinners. Your compassion and generosity exemplify the true spirit of community, and your ongoing support ensures that our low-income, uninsured neighbors receive the care and assistance they urgently need. Thank you for your unwavering commitment to caring for those in need!

Thank you to our 27th Annual Week of CARE Dinners sponsors!

Full Circle Moments

It's a story we have heard repeated many times. "Karen" had always been covered by insurance, first by her parents, then by her husband. That all changed when she got divorced. Although her son was still covered, Karen suddenly found herself with a painful infection, no insurance, and no place she could afford to go for care. Then she heard about The CARE Clinic. Karen called us and got an appointment. After seeing the doctor, she received the medication that she needed to clear up the infection. Because of the wonderful care she received, she has continued coming to us for treatment of various minor health issues. Karen is so appreciative of the care she receives from us; she does what she can to assist the clinic and tries not to ask for too much.

Karen's familiar story became unique recently. When she was finally able to return to work after her first visit with us, her grateful employer offered us free plumbing services – which, we recently took advantage of. Then, when she needed to see a podiatrist, she did not mention it during her visit at The CARE Clinic or ask for a referral from us. Instead, she asked her sister for help. She made an appointment with a podiatrist and her sister paid for the visit with her credit card. When the office staff saw The CARE Clinic listed as Karen's primary care provider, they refunded the payment to her sister. Karen was so overwhelmed with the generosity of our partnering practices; she shared her story with our Clinical Director. We are so glad she did.

The CARE Clinic sincerely appreciates the support of our donors, volunteers, and community partners that allow us to provide free, quality health care to our grateful patients.

Welcome New Staff!

We are very excited to welcome our newest staff member to The CARE Clinic, Aiyana Lynch! Aiyana is serving as our Development and Marketing Director. She grew up in Elon, North Carolina and attended The University of North Carolina at Pembroke where she obtained her Bachelor's Degree in Exercise and Sport Science with a concentration in Health Promotion and a Minor in American Indian Studies. While at UNCP, Aiyana was a member of the Spirit Squad Cheerleading Team, where she was Captain her Senior year. She also helped create the Health Advocates for Wellness with Kinesiology Students (HAWKS) Organization that aims to provide students with free trainings such as CPR and Health Literacy that will be useful in their future career. Aiyana is a proud member of the Haliwa-Saponi Indian Tribe of North Carolina and dances as a Jingle Dress dancer in many pow wows across the state.

In her free time, she enjoys making Native American jewelry.

Aiyana has experience planning events and obtaining donations for non-profit organizations. Last Fall, Aiyana helped a non-profit organization plan their 1st Annual Suicide and Overdose Memorial Event where she collected several donations from local businesses, created all promotional items for the event, and more! She is very excited to join The CARE Clinic and contribute her talents.
